第3回　｜　筆記目安時間：85分　｜　選択問題 31問 ＋ ライティング 2題

■ 出題構成・自己採点記録表

大問	問題番号	出題形式・内容	設問数	自己採点・点検
1	(1)〜(17)	短文の語句空所補充	17問	／17
2	(18)〜(23)	長文の語句空所補充	6問	／6
3	(24)〜(31)	長文の内容一致選択	8問	／8
4	大問 4	ライティング（英文要約）（目安 45〜55語）	1題	□ 自己点検済
5	大問 5	ライティング（英作文）（目安 80〜100語）	1題	□ 自己点検済

■ 演習・印刷の手引き

1. 問題冊子には正答や解説を載せていません。解答用紙はA4横2ページ構成です（A面：マークシート／B面：左右2列のライティング解答欄）。
2. 印刷時は「白黒・実際のサイズ（100%）」を選ぶと、マーク欄や英作文罫線が本番見本に近い実寸で出力されます。
3. 解き終わるまでは「解答・解説」を開かず、本番と同じ時間配分を意識して取り組んでください。
4. 同じ選択問題はアプリの「分野別練習」、英作文課題はアプリの「ライティング練習」でも学習・保存できます。

1

次の(1)から(17)までの（ ）に入れるのに最も適切なものを1, 2, 3, 4の中から一つ選び、その番号のマーク欄をぬりつぶしなさい。

(1) To prevent flooding during heavy typhoons, the city plans to ( ) the drainage canal by three meters.

1 widen **2** whisper **3** wander **4** wither

(2) Before signing the apartment lease, tenants should read every clause carefully so there is no ( ) over repair fees.

1 dispute **2** hospitality **3** applause **4** nutrition

(3) Although the violinist was visibly nervous backstage, she regained her ( ) the moment she stepped onto the stage.

1 shortage **2** collision **3** composure **4** prejudice

(4) The archaeological team discovered fragments of pottery that were remarkably ( ) despite being buried for two thousand years.

1 reluctant **2** vague **3** intact **4** hostile

(5) Rising cocoa prices have forced several confectionery makers to ( ) the size of their chocolate bars.

1 cherish **2** praise **3** summon **4** shrink

(6) The new ferry terminal is ( ) accessible from the railway station via a covered pedestrian bridge.

1 scarcely **2** bitterly **3** readily **4** clumsily

1 短文の語句空所補充（続き）

(7) The principal reminded faculty members that student health records are strictly (　　) and must remain locked.

1 superficial　**2** spontaneous　**3** confidential　**4** abundant

(8) Even experienced hikers can lose their bearings when dense fog sets (　　) unexpectedly on mountain ridges.

1 off　**2** out　**3** up　**4** in

(9) The documentary neither idealized rural farming life nor glossed (　　) the financial pressures facing small orchards.

1 over　**2** into　**3** under　**4** along

(10) The city symphony had to call (　　) Saturday's outdoor concert after lightning was reported near the park.

1 on　**2** off　**3** up　**4** for

(11) When evaluating historical diaries, scholars must take into (　　) the political climate in which they were written.

1 account　**2** charge　**3** place　**4** notice

(12) Little (　　) that her homemade jam recipe would win first prize at the national food fair.

1 she imagined　**2** imagined she　**3** did she imagine　**4** was she imagining

1 短文の語句空所補充（続き）

(13) The factory installed soundproof panels around its generators, ( ) cutting nighttime noise complaints in half.

1 nonetheless **2** otherwise **3** meanwhile **4** thereby

(14) All applicants for the overseas exchange program are evaluated on merit, ( ) of their family income.

1 capable **2** regardless **3** worthy **4** short

(15) Had the warehouse sensors detected the smoke two minutes later, the fire ( ) to the adjoining print shop.

1 might have spread **2** will spread **3** has spread **4** spreads

(16) The nutritionist advised athletes not to rely ( ) on vitamin supplements instead of balanced meals.

1 vaguely **2** fiercely **3** barely **4** solely

(17) Despite initial skepticism, the car-free Sunday trial met with widespread ( ) from both café owners and families.

1 dismissal **2** approval **3** scarcity **4** fatigue

2 A 次の英文を読み、その文意にそって(18)から(20)までの（ ）に入れるのに最も適切なものを1, 2, 3, 4の中から一つ選び、その番号のマーク欄をぬりつぶしなさい。

Why Supermarkets Are Rethinking "Best-Before" Date Labels

Walk down any grocery aisle and you will see dozens of date stamps printed on milk cartons, canned beans, and bags of rice. Shoppers naturally assume these dates mark the exact day food becomes unsafe to eat. Food safety agencies point out, however, that two very different labels are often confused. While "use-by" dates apply to highly perishable items like raw fish, "best-before" dates on dry or canned goods indicate peak flavor and texture rather than spoilage.

Household surveys across several countries have revealed that nearly a third of still-edible groceries are thrown out simply because a "best-before" date has passed by a day or two. Consumers want to keep their families safe, yet inconsistent wording such as "sell by," "enjoy by," and "best if used before" leaves people guessing and encourages (***18***).

To clear up this confusion, several supermarket chains have standardized their packaging down to just two phrases: "Use By" for safety-critical chilled foods, and "Best Quality Before (Often Good Longer)" for shelf-stable items. Some dairy producers even add simple reminders instructing shoppers to look and smell before discarding unopened yogurt. (***19***), households participating in pilot studies threw away significantly less pantry food over six months.

Experts emphasize that clearer wording never lowers hygiene standards. Instead, distinguishing genuine safety deadlines from quality estimates helps consumers (***20***).

(18)

1 complete abolition of canned vegetables

2 illegal sales of unrefrigerated raw fish

3 unnecessary disposal of perfectly safe food

4 longer storage of fresh meat in warm rooms

(19)

1 Conversely **2** Consequently **3** Regardless **4** Previously

(20)

1 remove ingredient lists from supermarket packages

2 ignore refrigeration rules for raw seafood

3 throw away all dry rice the day after buying it

4 make informed choices that protect both health and household budgets

2 ***B***

次の英文を読み、その文意にそって(21)から(23)までの（ ）に入れるのに最も適切なものを1, 2, 3, 4の中から一つ選び、その番号のマーク欄をぬりつぶしなさい。

Why Night Trains Are Making a Quiet Comeback in Europe

Twenty years ago, overnight sleeper trains across Europe seemed destined to disappear. Budget airlines offered cheap one-hour flights between major capitals, while daytime high-speed rail shortened medium-distance journeys. Maintaining sleeping carriages, which carry far fewer seats per car than ordinary trains, appeared unprofitable for national railways.

In recent years, however, traveler priorities have shifted noticeably. Airport security lines, luggage surcharges, and long bus rides from outlying airports often turn a short flight into a five-hour ordeal. Boarding an evening sleeper train in one city center and waking up next morning in another allows passengers to combine travel time with a night's hotel stay, turning hours that would otherwise be lost into (***21***).

Newer rolling stock has also addressed old complaints about noisy wheels and shared six-bunk compartments. Modern sleeper carriages feature quieter suspension, individual reading lamps, and compact single-berth capsules with sliding privacy doors for solo travelers. (***22***), routes linking Vienna, Zurich, Amsterdam, and Berlin now sell out weeks ahead during peak holiday months.

Transport economists acknowledge that overnight trains still face hurdles, such as coordinating track access fees across national borders. Even so, modern sleepers fill a valuable niche where distances are (***23***).

(21)

1 a five-hour wait at a suburban baggage carousel

2 productive rest without airport transfers

3 an expensive taxi ride between two terminals

4 mandatory standing room in freight wagons

(22)

1 On the other hand **2** Despite this **3** Otherwise **4** As a result

(23)

1 short enough to walk in ten minutes

2 too long for daytime trains yet well suited to an overnight journey

3 across oceans where railway tracks cannot be built

4 restricted exclusively to cargo containers

3 A

次のEメールの内容に関して、(24)から(26)までの質問に対する答えとして最も適切なもの、または文を完成させるのに最も適切なものを1, 2, 3, 4の中から一つ選びなさい。

From: Elena Rostova, Director of Visitor Operations
To: Annual Pass Holders
Subject: Temporary Palm Dome closure and membership extension

Dear Annual Pass Holders,
Thank you for your continued support of the Midvale Botanical Conservatory. Beginning Monday, September 14, our central Palm Dome will close for ten weeks so engineers can replace its forty-year-old single-pane glass panels with insulated UV-balanced glazing. The new roof will cut winter heating fuel use by thirty-five percent while protecting tropical ferns from summer leaf burn.

During the construction period, the Desert House, Alpine Rock Garden, and Orchid Pavilion will remain open during regular hours. In addition, our horticulture curators will offer free thirty-minute behind-the-scenes tours of the propagation greenhouses every Wednesday and Saturday at 11:00 a.m. exclusively for Annual Pass Holders (up to fifteen guests per tour; sign up at the reception desk on the day of your visit).

Because the Palm Dome is our largest indoor attraction, every active Annual Pass as of September 14 will automatically be extended by two full months at no cost. You do not need to replace your plastic card; our gate scanner will update your expiration date automatically.

Please note that the east parking lot will be used by crane trucks until mid-November, so drivers should enter through the West Willow Gate instead.

Warm regards,
Elena Rostova

3A

Update on the Botanical Conservatory Roof Renewal　設問 (24)〜(26)

(24) What is one benefit of installing the new glass panels on the Palm Dome?

1 It will finish all construction within two days.

2 It will expand the East Parking Lot by thirty-five spaces.

3 It will lower winter heating fuel consumption and protect tropical ferns.

4 It will allow desert cacti and alpine plants to move into one room.

(25) How can Annual Pass Holders join the propagation greenhouse tour?

1 By signing up at the reception desk on Wednesday or Saturday mornings.

2 By mailing their old plastic pass back to the director.

3 By paying an extra fee online two months ahead.

4 By arriving through the East Parking Lot after 5:00 p.m.

(26) What do current Annual Pass Holders need to do to receive the two-month extension?

1 Nothing, because expiration dates will be updated automatically.

2 Buy a replacement card at West Willow Gate before September 14.

3 Attend at least three behind-the-scenes greenhouse tours.

4 Submit a paper application form by mid-November.

3 B

次の英文の内容に関して、(27)から(31)までの質問に対する答えとして最も適切なもの、または文を完成させるのに最も適切なものを1, 2, 3, 4の中から一つ選びなさい。

How Hospital Courtyards Speed Up Patient Recovery

For much of the twentieth century, modern hospital architecture prioritized clinical efficiency above almost everything else. Long windowless corridors minimized walking distances between operating rooms and laboratories, while outdoor courtyards were often paved over to expand equipment wings or staff parking. Architects treated trees and gardens as pleasant decorations that were worth keeping only if money was left over.

That view began to change after health researchers compared surgical patients whose rooms overlooked a small grove of maple trees with similar patients facing a plain brick wall. Reviewing hospital charts over several years, researchers noticed a consistent pattern: patients with a view of greenery requested fewer strong painkillers, reported lower anxiety, and were discharged nearly a day earlier on average than those facing brick.

Subsequent studies examined what happened when patients, visiting relatives, and nurses could actually step outside into a sheltered courtyard for fifteen minutes. Measuring heart rates and stress hormones showed that sitting near running water and varied foliage helped the nervous system recover from the constant beeping of medical monitors. Equally important, nurses who took breaks in green courtyards made fewer clerical errors during afternoon shifts than colleagues who rested in windowless basement lounges.

Designing an effective healing garden involves more than scattering flowerpots on concrete. Landscape specialists work closely with physical therapists to build wide, non-slip pathways gentle enough for wheelchairs and IV poles, provide shaded seating every ten meters so recovering patients can rest easily, and avoid heavily scented flowers that might discomfort people experiencing nausea.

Today, hospital administrators increasingly view therapeutic gardens not as luxury ornaments, but as practical medical infrastructure that supports patients, families, and exhausted clinical staff alike.

3B

How Hospital Courtyards Speed Up Patient Recovery　設問 (27)〜(31)

(27) How did twentieth-century hospital planners traditionally regard outdoor gardens?

1 As the most important treatment room in every hospital.

2 As dangerous places that caused surgical infections.

3 As areas reserved exclusively for ambulance helicopters.

4 As optional decorations secondary to clinical efficiency.

(28) What did the comparison between patients seeing maple trees and those facing a brick wall reveal?

1 Both groups stayed in the hospital for the exact same number of days.

2 Patients facing the brick wall recovered faster because rooms were darker.

3 Maple pollen forced the hospital to seal every bedroom window.

4 Patients overlooking trees needed less strong pain medicine and went home sooner.

(29) How did green courtyards affect nurses working at the hospital?

1 Nurses had to spend two hours every morning watering the trees.

2 Those who rested in green courtyards made fewer afternoon clerical mistakes.

3 Nurses preferred windowless basement lounges during summer.

4 Medical monitors were moved permanently into the outdoor garden.

(30) Why do designers avoid planting strongly scented flowers in hospital gardens?

1 Scented flowers cannot survive near brick buildings.

2 Hospital administrators ban all colorful plants.

3 Strong fragrances can bother patients who feel nauseous.

4 Wheelchairs cannot roll past flowering shrubs.

(31) What is the author's main conclusion about hospital healing gardens today?

1 They are too expensive for any modern hospital to maintain.

2 They are practical assets that benefit patients, visitors, and medical staff.

3 They can completely replace operating rooms and laboratories.

4 They work only when patients stay indoors behind closed curtains.

4 ライティング（英文要約）

● ライティング課題は2つ（大問 4 と 大問 5）あります。筆記目安時間内に両方の課題に解答してください。
● この問題の解答は、解答用紙B面（2ページ目）の「4」の解答欄に英語で記入してください。

● 以下の英文を読んで、その内容を 45〜55語の英語で要約し、解答欄に記入しなさい。
● 解答は、解答用紙B面にある「4 英文要約解答欄」に書きなさい。なお、解答欄の外に書かれたものは採点されません。
● 本文に書かれていない自分の意見は加えず、英文の内容をよく読んでから自分の言葉でまとめなさい。

In recent years, many secondary schools have introduced tablet-based digital textbooks alongside or in place of printed volumes. Carrying a single lightweight tablet relieves students from heavy backpacks packed with thick books, while built-in audio players and adjustable font sizes help learners check pronunciation and read comfortably.

At the same time, teachers and students have noted drawbacks during daily lessons. Looking at backlit screens for several hours can cause eye strain, and incoming notifications or switching between pages makes it harder for some students to compare two chapters side by side or stay focused.

Consequently, a growing number of schools are adopting a hybrid approach, using tablets for listening exercises and multimedia maps while keeping printed workbooks for extended reading and handwritten notes.

MEMO

5 ライティング（英作文）

● ライティング課題は2つ（大問 4 と 大問 5）あります。筆記目安時間内に両方の課題に解答してください。
● この問題の解答は、解答用紙B面（2ページ目）の「5」の解答欄に英語で記入してください。

● 以下の TOPIC について、あなたの考え（意見）とその理由を2つ英文で書きなさい。
● POINTS は理由を書く際の参考となる観点を示したものです。これら以外の観点から理由を書いてもかまいません。
● 語数の目安は 80語〜100語です。
● 解答は、解答用紙B面にある「5 英作文解答欄」に書きなさい。なお、解答欄の外に書かれたものは採点されません。
● 解答が TOPIC に対応していないと判断された場合は採点対象になりません。内容をよく読んでから答えてください。

TOPIC

More cities are creating bicycle-only lanes along major roads. Do you think the number of such lanes should continue to increase?

POINTS

- ***Safety***
- ***Environment***
- ***Traffic congestion***

MEMO
